Contact Fields

[Help for this Page](#) 

This page allows you to specify the fields that can appear on the Contact page. You can create up to 500 Contact custom fields.

Note that deleting a custom field will delete any filters that use the custom field. It may also change the result of Assignment or Escalation Rules that rely on the custom field data.

Set History Tracking

Contact Standard Fields

[Contact Standard Fields Help](#) 

Action	Field Label	Field Name	Data Type	Controlling Field
Edit	<u>Account Name</u>	Account	Lookup(Account)
